

## Canton Local Schools Site Based Team Members

The Site Based Team is made up of students, parents, local business owners, grads, local businessmen, staff, a representative from the Classified and Certified Unions, Administrators, and Board of Education members. This group has been meeting since August 29 and has worked diligently to get information, look at needs from all groups represented, give feedback regarding building/renovations in the district, and planning community meetings as we go forward working toward a successful bond issue. Attached is a list of the Site Based Team Members and their connection to CLSD. Members are listed below alphabetically.
