Equal Education Opportunity

This District provides an equal educational opportunity for all students.

Any person who believes that s/he has been discriminated against on the basis of his/her race, color, disability, religion, gender or national origin while at school or a school activity should immediately contact the School District's Compliance Officer at 330-484-8010.

Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officer(s) can provide additional information concerning equal access to educational opportunity.

Emergency School Closing

Occasionally, emergency conditions (snow, power failures, etc.) make the closing of the schools imperative. During these situations, the district will attempt to contact households using Blackboard Connect, a rapid phone calling system. Please note that school closing information will continue to be broadcast over WHBC (1480 AM or 94.1 FM) radio stations prior to 7 AM.

We encourage families to monitor the radio stations if they are uncertain of a school closing situation and they have not received notification. Please keep contact information current with the school secretary.

Professional Development Days - No School

October 10 & 11, January 13 (Certified Only)

- No school for students
- Teachers report for professional development sessions that will enhance their skill set.
- Waiver Days - October 21, 2022 & March 17, 2023 (All Staff Report)

Calamity Days for 2022-2023

It is important for parents and students to be aware of our procedure for the delay or cancellation of school. Parents and students are responsible for knowing about emergency closings and delays.

Two-Hour Delay: Will be used on days in which we get bad weather, but the weather is moving through quickly. It will be a straight two-hour delay for all students across the district. Buses will arrive two hours later than normal, and school will begin exactly two hours later than normal. Students will be dismissed at the normal dismissal time.

School Closing: When Canton Local Schools are closed due to weather, we will use the following for athletics or other events.

- There will be no practices during the day.
- Regularly scheduled evening practices and contests shall only happen at the JV/varsity level.

In the interest of safety, any other decisions regarding athletics/ events and calamity days will be decided by the Superintendent and/or Athletic Director. The district website will be updated throughout the day.

Whenever school is delayed or closed, our district website will have this notification on the homepage. Additionally, we notify student/ staff homes by our alert notification, Blackboard Connect, a rapid phone calling system. Please be sure to notify your child's school office of any phone number changes that may occur. Direct changes can be made on the Blackboard Connect link on the district website.

Fire, Tornado & Security Drills

The school complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt and orderly evacuation of the building. Tornado drills will be conducted during the tornado season using the procedures prescribed by the State. Safety drills will be conducted frequently throughout the school year. Teachers will provide specific instruction on the appropriate procedures to follow in situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property or other acts of violence.

SCHOOL COMMUNITY/COMMUNICATIONS

Board of Education

Regular meetings of the Board of Education are held the second Monday of each month* at 7:00 PM, in the Canton South Community Room at 600 Faircrest St. S.E., or in one of the school buildings in the district. ADMITTANCE TO CANTON LOCAL SCHOOLS

Wildcat Preschool

Canton Local Schools offer preschool education for those students who meet eligibility requirements. The program classrooms are at Faircrest Memorial Elementary and are held in morning and afternoon sessions Monday through Thursday.

The philosophy of the Canton Local School District Preschool Program is to provide an opportunity, through active and quiet play for children to grow through a variety of experiences. It is our belief that every child can learn and that the preschool experience should be positive, enjoyable, and rewarding for children and their families. Activities provided in our preschool are multicultural, play based, and child initiated. As the nurturing occurs in the preschool environment, the child develops communication skills and learns to interact with others in his/her world. We recognize that parents are the primary teachers of their children, and strive to form a partnership with parents in order to enrich the learning experience. Our teachers are Ohio Department of Education certified with four-year Early Childhood Education degrees.

Stark County Integrated Preschool (SCIP)

The first preschool program is a partnership between Canton Local Schools and the Stark County Educational Service Center. The Stark County Integrated Preschool Program (SCIP) is available to children ages 3 to 5 years old. Students may be identified with a disability in one or more areas of development or typically developing classmates. The activities presented in the SCIP Program are age-appropriate learning experiences for all children and intended to facilitate the individual goals of the children with delays as identified in their Individual Education Plans (IEP).

The role of the classmate in the SCIP classroom is to serve as a role model for children with disabilities. Through interactions in play the children with disabilities are provided modeling of appropriate speech, language, play, behavior and social skills. Because of this, it is essential that the classmates attend regularly. The parents of classmates enrolled in the SCIP Program will be charged a monthly fee for their child's participation in the program based on a sliding fee scale. Parents will be provided with a copy of the fee policy and required to sign a contract regarding payment of fees at the time of enrollment. Billing of fees will be collected by the Stark County Education Service Center.

Early Childhood Enrichment (ECE)

The Canton Local Schools Early Childhood Enrichment (ECE) Preschool Program is a state funded preschool program for income eligible families that have children that will turn four before October 1st the current school year. Due to program intent and income eligibility no fees are collected for the ECE program. Income must be verified prior to enrollment. Acceptable verification sources are listed in the registration section of this handbook.

Preschool Curriculum

Canton Local's Preschool Programs have been rated by the Ohio Department of Education as 5 star programs through Step Up to Quality (SUTQ). This is a system administered by the Ohio Department of Job and Family Services. SUTQ recognizes and promotes learning and development programs that meet quality program standards and exceed licensing health and safety regulations.

Our programs follow the guidelines of the Ohio Department of Education Early Learning Development Standards which are based upon teaching practices for young children. The preschool curriculum is aligned to these standards and promotes developmentally appropriate activities, learning environments, and approaches which meet the individual needs of young children.

The preschool environment is designed to enhance the development of self-confidence, self-expression, curiosity, enthusiasm, and the ability to interact effectively with other children and with adults. The environment is designed to further the development of problem-solving skills, the achievement of independence, and the development of cooperative abilities. AEPS is the adopted curriculum in the preschool program.

Anyone interested in information regarding programming and placement in the program should contact the Director of Special Services, at 330-484-8022.

If a student does not have the necessary shots or a waiver, the principal may remove the student or require compliance with a set deadline. Compulsory Attendance Laws

The compulsory attendance laws of the State of Ohio (Revised Code, Section 3321.13) require that all children of the age 6-18 attend school. Exceptions may be made to this law in case of extreme physical ailment.

Student Responsibilities

The School's rules and procedures are designed to allow students to be educated in a safe and orderly environment. All students are expected to follow staff members' directions and to obey all school rules.

Students must arrive at school on time, prepared to learn and participate. If, for some reason, this is not possible, the student should seek help from the principal.

-Adult students (age 18 or older) must follow all school rules.

-If residing at home, adult students are encouraged to include their parents in their educational program.

In order to keep parents informed of their child's progress in school, parents will be provided information on a regular basis and whenever concerns arise. Many times it will be the responsibility of the student to deliver the information. The school, however, may use the mail or hand delivery when appropriate. Parents have the option of receiving communication from the school via email by filling out the Canton Local Email Contact Information Form each student receives at the beginning of the school year. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

Student Well Being

Student safety is the responsibility of both students and staff. Staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. If a student is aware of any dangerous situation or accident, s/he must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the School office.

Students with specific health care needs should deliver written notice about such needs, along with physician documentation, to the School office or school nurse.

Injury and Illness

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission.

Scheduling and Assignment of Classes

Elementary level: The principal will assign each student to the appropriate classroom and the program in which the student will be participating. Any questions or concerns about the assignment should be discussed with the principal.

Secondary level: Schedules are provided to each student at the beginning of the school year or upon enrolling. The schedule is based upon the student's needs and available class space. Any changes in a student's schedule should be handled through the guidance office. It is important to note that some courses may be denied because of available space, schedule conflicts or the need to take prerequisites. Students are expected to follow their schedules. Any variation must be approved with a pass or schedule change.

Administering Prescription Medications at School

Whenever possible, medication should be given by the parents at home. However, if the student must take medication during school hours, the Canton Local Board of Education has adopted the following policy that permits use of medications at school:

1. The "Prescription Medication Administration at School" form (see Appendix, page 41) must be completed by the child's Health Care Provider and parent or guardian and approved by the school principal or his/her designee prior to medication being taken at school.
 2. Medication must be brought to the school by the parent. The medication needs to be in the original bottle. Paperwork and medication bottle should include name of student, name of medication, the dosage and time to be given. Medication may not be brought to school by the student.
 3. The principal or his/her designee shall supervise the storage and dispensing of the students' medication, which shall be kept in the school office or clinic. A daily record will be kept by the person supervising the taking of the medication, which will include student's name, the name of medication, dosage, and time and date given.
 4. The Board or designee shall obtain and retain all parental requests and health care provider statements.
 5. It is the responsibility of the parent/guardian to notify the school of any special instructions regarding emergency situations where immediate attention is required (e.g., acute reactions) or of any change in the use of the medication.
 6. Medication must be conveyed to school directly by the parent or other options can be discussed at parental request. This should be arranged in advance. Medication MAY NOT be sent to school with a student.
 7. Any unused medication unclaimed by the parent will be destroyed by school personnel on the last day of school after the parent is notified or at the end of the school year
 8. Inhaler Law - those children with diagnosed asthma are permitted to carry the inhaler on their person at all times when instructed to do so by the physician. The doctor must include the instructions to carry the inhaler on the medication administration form.
 9. Canton Local Diabetic Policy - We at Canton Local would like to ensure that all children have safe and healthy school year. To help the staff better. To care for your child with diabetes we will follow the students Diabetic Management Plan from the health care provider.
- **After-school activities/sporting events:** Parents are to assume safe delivery of supplies to all after-school activities. All of the above requests apply. If Emergency Plan Contacts are not in attendance at the activity and in the event of an emergency situation, 911 will be called.
10. Canton Local Emergency Medication Procedure (including by not limited to Epi-Pen, inhalers, diabetes management) - Medication for students will remain in the medication drawer in the office/clinic EXCEPT in the event of a field trip, at which time the medication will travel with the student in the care of an adult. If the physician and parent/guardian feels that a student must carry an emergency medication with them at all times, the following criteria must be met:
 - A. A health care provider signed Medication Administration form must be kept at school with specific orders to allow the student to carry the emergency medication on their person at all times. Back up emergency medication should also be available in the office/clinic.
 - B. Parent/Guardian must sign that they accept all responsibility for any events surrounding the use and/or misuse of this medication.

Non-prescription Medication

1. The "Non-Prescription medication Administration at School" form (see Appendix, page 43) must be completed and signed by the parent.
2. Medication must be delivered to the school in the original container by the parent.

No staff member will dispense non-prescribed, over-the-counter (OTC) medication to any student without prior parent authorization. Parents may authorize administration of a non-prescribed medication on forms that are available from the Principal's Office with an understanding that the dose requested does not exceed the allowable amount listed on the bottle. Healthcare provider authorization is not required in such cases.

If a student is found using or possessing a non-prescribed medication without parent authorization, the parents will be notified. Students may not carry medication. Medication will not be given without proper authorization. The medication will be confiscated until written authorization is received.

Any student who distributes medication of any kind or who is found in possession of unauthorized medication is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug-use provision of the Code.

A student may possess and use a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms, at school or at any activity, event, or program sponsored by or in which the student's school is a participant if the appropriate form is completed and on file in the office/clinic. .

A student who is authorized to possess and use a metered dose or dry powder inhaler may not transfer possession of any inhaler or other medication to any other student.

HEALTH, SAFETY AND EMERGENCY CARE CONT.

Control of Casual Contact Communicable Diseases and Pests

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly transient pests.

Specific diseases include: conjunctivitis (pink eye), impetigo, chicken pox, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella and other conditions indicated by the Local and State Health Departments. Any removal will be only for the contagious period as specified in the school's administrative guidelines.

Control of Non Casual Contact Communicable Diseases and Pests

In the case of non casual contact communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the County Health Department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion. Non casual contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human immunodeficiency), Hepatitis B and other diseases that may be specified by the State Board of Health. As required by federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child has bled at school and students or staff members have been exposed to the blood. The law does not require parents or guardians to grant permission for the examination of their child's blood, but it does require the district to request that consent. Any testing is subject to laws protecting confidentiality. Anyone with questions or concerns should contact the school nurse.

Control of Blood-Borne Pathogens

The School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Currently, there are no school entry requirements for meningococcal B vaccine.

ATTENDANCE

School Attendance

Regular attendance is a significant student responsibility at all grade levels. Many studies correlate regular attendance with success in school. Regular attendance means that the academic learning process is not interrupted, less time is spent on makeup assignments, and students benefit from participation and interaction with others in class. Many important lessons are learned through active participation in classroom and other school activities that cannot be replaced by individual study.

Establishing a pattern of good attendance will benefit the student in school and in the workplace. Attendance is important in the development of a high-quality work ethic, which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a person is his/her dependability in coming to work every day on time. This is a habit the school wants to help students develop as early as possible.

In specifying the maximum number of absences to still receive academic credit in a given period, it is the intention of the Canton Local Board of Education to convey the following:

1. The maximum potential benefit of schooling is available to the students with no absences.
2. Once a student has accrued excessive absences, he/she will not realize the educational benefits available, and therefore, may not earn academic credit.

Students 18 years or older are not subject to compulsory school attendance, however, they are held to the same attendance standards as other students. Privileges that may be taken away include, but are not limited to, parking privileges, dances and/or early release.

Attendance Law - Ohio Revised Code

3321.01

A child between six and eighteen years of age is "of compulsory school age" for the purpose of sections 3321.01 to 3321.13 of the Revised Code. A child under six years of age who has been enrolled in kindergarten also shall be considered "of compulsory school age" for the purpose of sections 3321.01 to 3321.13 of the Revised Code unless at any time the child's parent or guardian, at the parent's or guardian's discretion and in consultation with the child's teacher and principal, formally withdraws the child from kindergarten. The compulsory school age of a child shall not commence until the beginning of the term of such schools, or other time in the school year fixed by the rules of the board of the district in which the child resides.

3321.04

Every parent, guardian or other person having charge of any child of compulsory school age who is not employed under the age and schooling certificate and who has not been determined to be incapable of profiting substantially from further instruction, must send each child to school which conforms to the minimum standards prescribed by the State Board of Education for the full time the school attended is in session.

Excused Absences

All students are required to be in regular attendance except when excluded by law. The following reasons are recognized by Ohio Revised Code 3321.04 as being valid for absence from school: The Board considers the following factors to be reasonable excuses for time missed at school:

- A. personal illness (a written physician's statement verifying the illness may be required)
- B. appointment with a health care provider
- C. illness/emergency in the family necessitating the presence of the child
- D. quarantine of the home
- E. death in the family
- F. observation or celebration of a bona fide religious holiday
- G. out-of-state travel (up to a maximum of four (4) days per school year) to participate in a District-approved enrichment or extracurricular activity. Any classroom assignment missed due to the absence shall be completed by the student.
- H. such good cause as may be acceptable to the Superintendent/designee
- I. medically necessary leave for a pregnant student in accordance with Policy 5751
- J. service as a precinct officer at a primary, special or general election in accordance with the program set forth in Policy 5725
- K. college visitation
- L. absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status
- M. absences due to a student being homeless

Any classroom assignment missed due to the absence shall be completed by the student.

Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board.

The Board shall consider each student assigned to a program of other guided learning experiences to be in regular attendance for the program provided that s/he reports to such staff member s/he is assigned for guidance at the place in which s/he is conducting study, and regularly demonstrates progress toward the objectives of the course of study.

All absences are subject to approval by the principal/designee.

Family Vacation

An excused absence for up to 30 hours may be granted for those students who take a vacation with family/guardian. Parent/guardian must make prior arrangements with the principal and fill out the appropriate family vacation form. Assignments are due the day the student returns from vacation unless prior arrangements have been made with the teacher(s). Vacation hours will not be granted during EXAM week or during the week of State Mandated Assessment tests.

ATTENDANCE CONT.

Early Dismissal

No student may leave school prior to dismissal time without a parent or guardian either submitting a signed written request, contacting the school, or coming to the School Office personally to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a written permission note signed by the custodial parent(s) or guardian. If a student leaves without permission, consequences will be issued on the first violation.

Notification of Absence

The primary responsibility for school attendance rests with the student's parent(s) or guardian. Parent/guardians are required by law to notify the school everyday when their child is absent from school.

Parents are asked to call the school before 8:00 AM if a student is absent that day. Students will have 24 hours after their absence to verify it as being excused. Students are requested to bring all absence notes to the attendance office upon their return to school.

Students with a chronic health condition, causing repeated absences, must submit to the school a verification health statement from a registered physician each school year.

Any school missed due to a medical/dental appointment can be medically excused absence providing a medical excuse signed by a physician is provided the day the student returns to school. For your convenience, medical/dental notes can be faxed to the attention of the attendance office.

A student may have up to ten (10) personal illness absences without a doctor's note, but with a parent call-in. This policy may be extended beyond ten (10) days if the student or someone in the student's family is in quarantine due to COVID-19.

Habitual Truancy

A student will be considered habitually truant if the student is absent without a legitimate excuse for 30 or more consecutive hours, for 42 or more hours in one school month, or for 72 or more hours in one school year. Please refer to the excused absences portion of the policy to determine legitimate excuses.

In order to address the attendance practices of a student who is habitually truant, the Board authorizes the Absence Intervention Team, as part of an Absence Intervention Plan, to take any of the following intervention actions:

- A. request or require the student's parent to attend a conference with Principal/designee
- B. request or require a parent to attend truancy prevention mediation
- C. notify the Registrar of Motor Vehicles of the student's absences
- D. take appropriate legal action
- E. assignment to an alternative program (options after school)

In the event that a student becomes habitually truant within twenty-one (21) school days prior to the last day of instruction of a school year, the Principal may, in his/her discretion, assign an attendance officer (one school official) to work with the child's parent/guardian/custodian, guardian ad litem, or temporary custodian to develop an absence intervention plan during the summer.

The absence intervention process shall commence upon the first day of instruction of the next school year.

Students must be in attendance for 3.5 hours to participate in extracurricular activities, co-curricular activities, practices and games on that school day. The building Principal or designee may approve exceptions based on extenuating circumstances (family emergency, funeral, etc.).

Makeup Work Policy

Excused Absence: Students will be permitted the length of the absence plus one day.

Unexcused Absence: Credit may not be assigned for missed work.

Testing: Students will be required to take a missed test/exam the day the student returns to school. Special exemptions may be granted by the teacher or principal for assignment or test recovery.

Absence/Tardy Arrival and Departure Time

Students arriving after the tardy bell will be considered tardy and must receive a tardy pass from the office to enter class. Parents of students arriving tardy must notify the office of the reason of the tardy as the time missed will automatically be marked as unexcused. House Bill 410 states that within the hour has to be notified. A parent/guardian of the elementary student must enter the building to sign their child in/out for the day.

Unexcused Tardy to School/Class Period

Beginning with the fourth tardy to school or class period, students will be issued a consequence by the building administrator. Repeated violations may be subject to more severe discipline or loss of privilege (detentions, ISS, follow-up with attendance officer, parent meetings, loss of driving privilege, etc.) Excuses will not be accepted for tardiness due to transportation problems in route to school.

Tardiness - Secondary Level

Each student is expected to be in his/her assigned location throughout the school day. If a student is late arriving at school, s/he must report to the school office before going to his/her first assigned location. Any student who is late to class shall be disciplined by the teacher. Students who are more than 15 minutes late will be considered absent for that instructional period.

Students who are tardy to class more than four times during a nine-week period shall be disciplined according to the Student Code of Conduct.

Unexcused Absences

Absence from school for one or more periods with knowledge or consent of the parent that does not meet the school requirement for a school excused absence is considered unexcused. Students who are deemed unexcused may receive no credit for work that is missed.

Skipped Class/Period

A skipped class or part of the school day is considered unexcused. The student may not be permitted to make up missed class work. The student will also be subject to disciplinary action.

Habitual Absences

An unauthorized absence from school for one or more periods without the knowledge or consent of parents/guardians or school officials is considered unexcused. Students who are unexcused may receive no credit for work that is missed. The student will also be subject to disciplinary actions.

ATTENDANCE CONT.

Consequences for Excessive Absences/ Habitual Truancy

Excessive Absences

Students who are absent (excused or unexcused) for 38 or more hours in one school month or 65 or more hours in one school year will receive a written letter alerting the family to student attendance concerns.

Written parent/guardian notification will be provided and a district intervention plan will be implemented.

Habitual Truancy

Students who are absent (unexcused) for 30 or more consecutive hours, 42 or more hours in one school month year, or 72 or more hours in one school year will receive written notification alerting the family to student attendance concerns.

The school will assign the student to an absence intervention team within seven days of the original absence.

A meeting will be scheduled with the parent/guardian to develop an individualized Absence Intervention Plan.

Students who are absent (unexcused) for 30 or more consecutive hours, 42 or more hours in one school month, or 72 hours in one school year could be subject to a formal truancy hearing with the Stark County Family Court.

If a student refuses to participate or fails to make satisfactory progress with the absence intervention plan, the school may file a complaint in the Stark County Family Court.

Remote Learning / Blended Learning

NOTE: HB 410 applies to student attendance during Remote Learning or Blended Learning situations and family-elected Canton Local Virtual Academy. Refer to page 16, Consequences for Habitual Absence/Truancy.

Tracking Remote Attendance

Consistent with the District's remote learning plan (e.g., Blended Learning, On-Line Learning, etc.), the District will provide a variety of instruction models, including both teacher-led remote learning and self-directed remote learning.

Student attendance in teacher-led remote learning (synchronous web-based instruction) shall be tracked in the same manner as hourly, in-person instruction. Teachers shall determine hourly attendance by evidence of student login and logoff data. Teachers are encouraged to verify meaningful attendance in a method selected by the teacher, such as an ungraded quiz at the close of a lesson, a survey or poll questions (unrelated to the lesson and unpredictable) at the end of the lesson, or asking students questions at random throughout a session.

In addition to the reasons listed at the beginning of this policy, absences from teacher-led remote learning (synchronous web-based instruction) may be considered excused under the following circumstances, with written notice from a parent/guardian:

- A. temporary internet outage for individual students or households;
- B. unexpected technical difficulties for individual students or households, such as password resets or software upgrades occurring during a teacher-led remote learning lesson;

- C. computer/device malfunction;
- D. malfunction of a District-owned device for which the District is providing technical assistance, repair, or replacement.

Attendance in self-directed remote learning (asynchronous) shall be tracked by evidence of participation, which may include, but is not limited to:

- A. daily logins to learning management systems;
- B. daily interactions with the teacher to acknowledge attendance, which may include, but are not limited to, messages, emails, telephone calls, video chats or other formats that enable teachers to engage with students; and
- C. assignment completion. The teacher will determine the number of hours a typical student would take to complete an assignment and report those hours of attendance when the assignment is completed. A teacher may adjust the number of hours of attendance based on the length of time the student actually spent on the assignment, as reported by the student, parent, or other person with knowledge.

REPORTING STUDENT PROGRESS

Philosophy of Assessment

The Canton Local School District believes that the process of assessment should be continuous and assist the teacher in developing insight into the student's skills, achievements, attitudes and interests. Recognizing that all students are individuals with different styles and rates of learning, assessments should be multiple and diverse to evaluate student achievement as related to learning goals.

The Canton Local School District supports standards-based grading policies and practices. Grading and assessment practices are to reflect evidence of students' level of mastery of the learning goals.

Purposes of Grading

- To provide information to students and their families concerning the student's rate of progress and level of achievement in meeting learning goals
- To enable the school to evaluate the readiness of students for appropriate program planning
- To encourage teachers to evaluate their instruction and guidance techniques
- To provide adequate and accurate records of student progress and achievement

Continuous Progress

The Board of Education recognizes that the personal, social, physical and educational growth of children will vary and that students should be learning in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the Board of Education that each student progress in a continuous pattern of achievement and growth in harmony with his/her readiness. District practices related to promotion, acceleration, placement and retention will be based upon board policies and guidelines - 2110 and 5410.

REPORTING STUDENT PROGRESS CONT.

Grades

Canton Local Schools has a standard grading procedure, as well as additional notations that indicate work in progress or incomplete work. Grades indicate the extent to which the student has acquired and demonstrated the necessary learning. In general, students are assigned grades based upon test results, homework, projects and classroom participation. Each teacher may place a different emphasis on these areas when determining a grade and will so inform the students at the beginning of the course. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

The following grading scale applies to grades K-2:

100 to 90 = MS Mastered Standards
89 to 80 = AP Adequate Progress
79 to 70 = DS Developing Standards
69 to 0 = AC Area of Concern

The following grading system applies to Grades 5-12:

100 to 93 = A
92 to 90 = A-
89 to 87 = B+
86 to 83 = B
82 to 80 = B-
79 to 77 = C+
76 to 73 = C
72 to 70 = C-
69 to 67 = D+
66 to 63 = D
62 to 60 = D-
59 = F

The following grading system applies to Grades 3-4:

100 to 90 = A
89 to 80 = B
79 to 70 = C
69 to 60 = D
59-0 = F

Grade Point Average

To calculate a grade point average (GPA), assign a point value to each course grade and divide by the total number of credits. For partial-credit courses, use the fractional value of the grade. For example, a half credit course with an earned grade of a C would be $.5 \times 2 = 1$. Then add this to the other grades earned for total points earned. This total is then divided by the total credits earned to determine the GPA. This can be done by grading period, semester, year or for a series of school years. Some courses, such as College Credit Plus, Advanced Placement or Pre-AP, are weighted above a 4-point scale. See your school counselor for details.

Parent/Teacher Conferences/Visitations

The schools welcome opportunities for conferences with parents. Day and/or evening conferences are regularly scheduled each year. Please make appointments and stop at the Security Desk when arriving for a visit.

Homework

Homework will be assigned. Homework is an opportunity for students to prepare for the next class or upcoming assignment. Homework is checked for accuracy and assigned a grade at the teacher's discretion. Homework is also part of the student's preparation for assessments. Contact your child's teacher if you have specific questions.

Field Trips

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extracurricular program. No minor student may participate in any school-sponsored trip without parental consent and a current emergency medical form on file in the office. Medications normally administered at school will be administered while on field trips. The Student Code of Conduct applies to all field trips.

- Attendance rules apply to all field trips.
- While the District encourages students to participate in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.
- Students who violate school rules may lose the privilege to go on field trips.
- Permission may not be granted if student is not passing all classes.

Teacher Qualifications

As a parent of a student at Canton Local, you have the right to know the professional qualifications of the classroom teachers who instruct your child. Federal law allows you to ask for certain information about your child's classroom teachers, and requires us to give you this information in a timely manner if you ask for it. Specifically, you have the right to ask for the following information about each of your child's classroom teachers:

- Whether the Ohio Department of Education has licensed or qualified the teacher for the grades and subjects he or she teaches.
- Whether the Ohio Department of Education has decided that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances.
- The teacher's college major; whether the teacher has any advanced degrees, and if so, the subject(s) of the degrees.
- Whether any teachers' aides or similar paraprofessionals provide services to your child, and if they do, their qualifications. If you would like to receive any of this information, please call your building principal.

Grading Periods

Students will receive a report card at the end of each nine-week period indicating their grades for each course of study for that portion of the academic term. When a student appears to be at risk of failure, reasonable efforts will be made to notify the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

Graduation Requirements

Regular Diploma

In order to receive a diploma and graduate, a student must (a) receive credit for all required coursework and (b) complete one of the learning pathways as defined by the Ohio Department of Education. Students typically complete graduation requirements in four years. For students with individualized education programs (IEPs), the criteria for graduation will be determined by the IEP team. It is the responsibility of the student to see that graduation requirements are met. The high school will make every effort to keep up-to-date records and keep students and parents informed of academic deficiencies. All inquiries should be directed to the Student Services (Guidance) Department at 330-484-8000.

Part A: Complete Coursework and Credit Requirements Regular Diploma

Students must complete a minimum of 21 credits of required and elective courses to be eligible for graduation.

Curriculum Requirements Credits

English Language Arts	4.0
Mathematics	4.0 ¹
Science	3.0 ²
Social Studies	3.0 ³
Health	0.5
Financial Literacy	0.5 ⁴
Physical Education (2 semesters)	0.5 ⁵
Fine Arts	1.0 ⁶

⁵ Participation in interscholastic sports, band, or cheerleading for two full seasons is required in order to receive a physical education waiver. This waiver will not award a PE credit but will waive the requirement of taking 2 PE courses. Students must complete two physical education waiver forms and return them to the Student Services office in order for the waiver to be added to the students transcript.

⁶ Students who complete/pass one full credit of a career tech program will receive a fine art waiver. This waiver will not award a fine art credit but will waive the requirement of a fine art credit. Students wishing to pursue an Academic Honors Diploma must still earn a full fine art credit even if the waiver is earned.

⁷ Electives must include one or a combination of foreign language, fine arts, business, career tech, technology, or English language arts, mathematics, science, or social studies courses not otherwise required.

Part B: Demonstrating Competency

Students will demonstrate competency in the foundational areas of English language arts and mathematics or through alternative demonstrations, which include College Credit Plus, career-focused activities or military enlistment.

Part C: Demonstrating Readiness

Students will demonstrate readiness for their post-high school paths by earning two seals that allow them to demonstrate important foundational and well-rounded academic and technical knowledge, professional skills, as well as develop key social and emotional competencies and leadership and reasoning skills.

Honors Diploma

The Ohio Department of Education has approved criteria for six different pathways to an honors diploma. Students must meet requirements in the chart, "Ohio High School Honors Diploma," which outlines the criteria for each type of honors diploma. It is the student's responsibility to maintain contact with his/her counselor to ensure that his/her graduation requirements are being met.

Early Graduation

Students who wish to apply for early graduation should apply to the high school principal. Early graduation will be permitted if the student fulfills the graduation requirements and conditions for graduation. Students who choose early graduation may participate in the graduation ceremonies of their designated class.

Educational Options

Canton Local Schools provide alternative means by which a student can achieve the goals of the District, as well as his/her personal educational goals. A list of the approved educational options is available in the Canton South High School Course Registration Guide on the district website.

Recognition of Student Achievement

Students who display significant achievements during the course of the year are recognized for their accomplishments. Areas that may merit recognition include, but are not limited to, academics, athletics, performing arts, citizenship and volunteerism. Recognition for such activities is initiated by the staff and coordinated by the principal.

REPORTING STUDENT PROGRESS CONT.

Protection and Privacy of Student Records

The School District maintains many student records including both directory information and confidential information. Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all "directory information" upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release, you may consult the Board's annual Family Educations Rights and Privacy Act (FERPA) notice which can be found in the guidance office.

Other than directory information, access to all other student records is protected by FERPA and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student request that prior written consent be obtained.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers. Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records, please provide a written notice identifying requested student records to the Building Principal. You will be given an appointment with the appropriate person to answer any questions and review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or the student's parents;
- B. mental or psychological problems of the student or the student's family;
- C. sexual behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians and ministers;
- G. religious practices, affiliations or beliefs of the student or his/ her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program.)

Consistent with PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis or evaluation. Please contact Tricia Couts-Everett at 330-484-8019 to inspect such materials. Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received.

The Superintendent will notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose); and
- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U. S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Ohio High School Honors Diploma

NOTES:

For the Academic, International Baccalaureate, and Career Tech Honors Diplomas, students who entered the ninth grade between July 1, 2013 and June 30, 2017 may choose to pursue the diploma by meeting the requirements of these criteria or the previous criteria. Students entering the ninth grade on or after July 1, 2017 must meet these criteria.

Completion of any advanced standing program, which includes Advanced Placement, International Baccalaureate, College Credit Plus, and may include Credit Flexibility, can be counted toward the unit requirements of an Honors Diploma.

Students must meet all but one of the criteria to qualify for an Honors Diploma, and any one of the criteria may be the one that is not met.

Diploma with Honors requirements pre-suppose the completion of all [high school diploma requirements](#) in the Ohio Revised Code including:

½ unit physical education (unless exempted), ½ unit health, ½ unit in American history, ½ unit in government, and 4 units in English. The class of 2021 and beyond will need to have ½ unit in world history and civilizations as well.

- ¹ Writing sections of either standardized test should not be included in the calculation of this score. The Locating Information test is not included in the calculation of the WorkKeys score.
- ² Advanced science refers to courses that are inquiry-based with laboratory experiences and align with the 11/12th grade standards (or above) or with an AP science course, or with an entry-level college course (clearly preparing students for a college freshman-level science class, such as anatomy, botany, or astronomy).
- ³ Program must lead to an industry recognized credential, apprenticeship, or be part of an articulated career pathway which can lead to post-secondary credit.
- ⁴ The fifth mathematics and science credit for the STEM honors diploma may be fulfilled with a single course.
- ⁵ Field Experience refers to experiential learning in either an internship or apprenticeship. Students will document their experiences by describing their understanding in a portfolio.
- ⁶ The student portfolio is a collection of experiential learning and competencies based on the student's field experiences. Students will engage with professionals or scholars in the field while developing their own portfolio or ePortfolio of original work that documents their technical, critical and creative skills representative of their honors focus; students' work must be reviewed and evaluated by scholars or professionals within the field/area of study in which the students' work is focused, and the scholars or professionals must be external to the district staff; students will give a presentation to showcase the work and provide an analysis of it to the school and local community. If the student does not complete a field experience, the portfolio can be based on a collection of work related to the student's honors diploma area of focus.
- ⁷ Students must score a minimum of a 6 on the Applied Mathematics WorkKeys Assessment and a minimum of 6 on the Reading for Information WorkKeys Assessment in order to meet the WorkKeys score requirement. The WorkKeys option applies only to the Career Tech Honors Diploma.
- ⁸ These scores are based on the 2016 ACT and SAT assessments. Concordance tables outlining equivalent scores for past and future tests that differ from the 2016 versions will be published on the ODE website. Tables to concord SAT assessments taken prior to March 2016 can be found [here](#). Further information on test concordance can be found [here](#).

STUDENT SUPPORT SERVICES

Nutrition Service Program

Canton Local School District operates a school cafeteria in each of its three schools. As a participant in the National School Lunch Program, this is a nonprofit, self-supporting function within the schools and is not financed with local tax money.

The School Lunch Program is designed to provide a balanced noontime meal and is planned from the aspect of nutrition as well as taste appeal. The lunch program is seen as a part of the regular educational function of the school, and every opportunity to encourage students to learn about new foods, health, and etiquette is exercised.

The School Lunch Program is supported directly from three sources: the sale of lunches, commodity foods released by the United States Department of Agriculture to the State of Ohio for distribution to the schools, and state and federal reimbursements. The fact that lunches can be provided at a low cost is due to the low cost commodity foods and careful management within the school district. Our district has been outstanding in our service to students through the quality and quantity of lunches. Breakfast is available daily at all schools in the district. Students at all schools may purchase breakfast or lunch daily or prepay on their account by the week, month or semester. Prepayment is strongly encouraged and saves time for parents, students and staff.

Online access to lunch accounts is also available by using

Payschoolscentral.com. Parents may use this site to make online payments to their student's lunch account or to simply view the activity on the account. Registration to the site is necessary for payment or viewing account balances and requires a credit card. However, there is no charge to view account balances. Payschoolscentral.com does charge a transaction fee for credit card use and electronic checks. These fees are charged by Payschoolscentral.com for their services.

As a participant in the National School Lunch Program, Canton Local Schools does not permit students to bring fast food into the cafeteria. Canton Local Schools has a wellness policy and initiative that encourages healthy eating and exercise on a daily basis. No student may leave school premises during the lunch period without specific written permission from the Principal.

Free or Reduced Price Meals - Determining Eligibility

At the present, there are currently no United States Department of Agriculture waivers approved to serve free meals under the summer meals option during the 2022-23 SY. Eligibility for free and reduced meals will be determined by application from parents or by direct certification through the Department of Human Services.

Families who feel that their child(ren) may be eligible for free or reduced price lunches need to submit an application. The completed application, signed by an adult household member, should be sent to the Director of Nutrition Services, 600 Faircrest St. SE., Canton, Ohio 44707 or building secretary or complete online.

You will be notified of the status of your child(ren) within ten (10) days of receipt of your application. All information provided on the application is held in confidence.

Breakfast and lunch prices are to be determined upon guidance from the USDA. A la carte options will be available for purchase. Visit our website for the most updated information.

Fee Payment Information - A fee waiver request is on the Free & Reduced Lunch Form. For Canton South High School, some costs do not qualify for a fee waiver, including cost for Dual Credit, Career Technical Association Dues, Uniforms, AP exams, PLAN, etc. Please check with your Guidance Counselor as needed.

Policy Regarding The Acceptance of checks for payment - see page 17 of this handbook.

Guidance and Counseling Services

School counselors are available at elementary, middle, and high school grade levels to help students with social/emotional, educational, and career-technical issues. At Canton South HS, students may make appointments to see a counselor by going to the CSHS Student Services office before or after school and during their lunch periods, or by filling out an appointment slip. At Faircrest, students can fill out an appointment slip found on the school office counter. At Walker, students may be referred by a staff member or may ask their teacher to speak to a counselor. Parents with students in any grade level are welcome to reach out to the counselors to discuss concerns, as well as to request that a counselor meet with their student about a concern.

Library Services

The Design Center at Canton South High School is open throughout the school day. The center offers the opportunity to check out books, as well as additional student support services and activities. Fines for overdue materials accrue at the rate of five cents per day.

The Canton South Middle School media center is open select periods each day. There are no fines for overdue materials at CSMS.

We are proud of our school library services and try very hard to make good books available to our children. In the event that a student loses a borrowed library book, compensation will be requested for book replacement. If the book is found after payment has been made, families will keep the book and not receive a refund.

Lockers

School lockers are supplied for student use and are the property of the Canton Local Board of Education. Therefore, lockers and the contents of lockers are subject to random search at any time to ensure student health, safety and welfare without the student's knowledge and/or presence.

Random searches of lockers may include the assistance of dogs trained to detect the presence of drugs.

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education if there is a reasonable suspicion that the student is in violation of school rules. A search may also be conducted to protect the safety of others.

Student Valuables

Students should not bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The school is not liable for any loss or damage to personal valuables.

Lost and Found

A lost and found area is located in or near the Main Office of each Canton Local school building. Students who have lost items should check with the office for Lost and Found. They may retrieve their items if they give proper description. Unclaimed items will be given to charity at the close of the school year.

Use of Office Telephones

Office telephones may not be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call.

STUDENT DRESS CODE

Students are expected to dress appropriately at all times. Any fashion (dress, accessory or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted.

Student Dress Standards

General Guidelines

- Clothing must be safe, neat, in good repair, in good taste and worn appropriately.
- Clothing and jewelry (or skin) bearing patches, drawings or sayings (stated or implied) which refer to drugs, violence, weaponry, alcohol, tobacco, sex, obscenities, symbols of death, gangs, or cults or reflect discrimination, prejudice, bigotry, hatred are not permitted.
- Chain wallets are not permitted. Chain belts and large metallic chains worn as jewelry are not allowed.
- Any student wearing clothing and/or accessories so extreme that it disrupts the orderly process of the school will be required to change the student's attire.

Hair:

- Any class policy with regard to hair safety will take precedent over any other policy.
- Hats, hoods and head coverings are not permitted. Specific situations may be approved by the administration.

Clothing:

- Bare midriffs are not permitted.
- Skirts and dresses must be no shorter than mid thigh.
- Pants, shorts, skirts, and dresses must be worn at the natural waistline.
- Undergarments must be covered by outerwear.
- Holes above the knee must be school appropriate and may not show undergarments. Holes below the knee are acceptable provided they meet safety standards as deemed appropriate by administration.
- All yoga pants and similar style clothing are permitted provided they are school appropriate and undergarments cannot be seen.

Due to the fact that styles and fads change, it is impossible to anticipate and list all areas where a decision on "extreme" and "acceptable" will need to be made. The school administration and faculty, via Board of Education policy, has the responsibility of deciding in each individual case if a student's attire is in accordance with the policy.

If a student violates the Student Dress Standards, he or she will be required to change into attire that complies to the student dress code. If this is not possible, in-school suspension will be assigned.

It is recommended that students attending all school-sponsored functions should be dressed in accordance with the policies as adopted by the Canton Local Board of Education.

All dress code decisions are left to the discretion of administration.

COVID Face Covering Policy

Please refer to the district website at cantonlocal.org for the most up-to-date policy.

STUDENT DISCIPLINE CODE

A major component of the educational program (at the school) is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards. Students are expected to behave in accordance with Federal, State and local laws and rules and Board policies and Administrative Guidelines, and in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify the student's behavior when a student's behavior does not fall within these parameters.

School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

Expected Behaviors

Students are expected to:

- act courteously to adults and fellow students;
- be prompt to school and attentive in class;
- work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race or ethnic background;
- complete assigned tasks on time and as directed;
- help maintain a school environment that is safe, friendly and productive;
- act at all times in a manner that reflects pride in self, family and in the school.

Classroom Environment

It is the responsibility of students, teachers and administrators to maintain a classroom environment that allows:

- a teacher to communicate effectively with all students in the class; and
- all students in the class have the opportunity to learn.

Each of the behaviors and/or types of misconduct described below are prohibited and may subject the student to disciplinary action including, but not limited to, student conference, disciplined at school. Furthermore, any criminal acts committed at or related to the school will be reported to law enforcement officials as well as disciplined at school. Certain criminal acts may result in permanent exclusion from school.

1. Possession/use of drugs and/or alcohol

Possessing, using, transmitting or concealing, or has evidence of consumption of any alcoholic beverage, controlled substance including, but not limited to, narcotics, mood-altering drugs, counterfeit controlled substances, look-a likes, over the counter stimulants or depressants, anabolic steroids or drug-related paraphernalia.

If a building designee has a reasonable individualized suspicion of drug or alcohol use, s/he may request the student in question to seek appropriate testing through approved agency. If a student refuses to take the test, s/he will be advised that such denial leaves the observed evidence of alcohol or drug use unrefuted thus leading to possible disciplinary action. The student will then be given a second opportunity to take the test. The school reserves the right to administer a breathalyzer before admittance to school-sponsored functions.

2. Possession/Use of cigarettes, smokeless tobacco or look-a-likes

Possession, consumption, distribution, purchase or attempt to purchase, and/or use of tobacco products in school, on school grounds, on school buses, and at any interscholastic competition, extracurricular event, or other school-sponsored event. Tobacco products include, but are not limited to cigarettes, cigars, pipe tobacco, chewing tobacco, snuff or any other matter or substance that contains tobacco. Smoking clove cigarettes and e-cigarettes is also prohibited.

3. Use and/or possession of a firearm

Bringing a firearm (as defined in the Federal Gun-Free Schools Act of 1994) onto school property or to any school-sponsored activity competition program, or event, regardless of where it occurs, will result in a mandatory one (1) year expulsion under Ohio law. This expulsion may be reduced on a case-by-case basis by the Superintendent using the guideline(s) set forth in Board Policy.

Firearm is defined as any weapon (including a starter gun) that will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in the Federal Gun-Free Schools Act of 1994). Firearms include any unloaded firearm and any firearm that is inoperable but that can be readily operated. Students are prohibited from knowingly possessing an object on school premises, in a school or a school building, at a school activity or on a school bus that is indistinguishable from a firearm, whether or not the object is capable of being fired, and indicating they are in possession of such an object and that it is a firearm or knowingly displaying or brandishing the object and indicating it is a firearm.

4. Use and/or possession of a weapon

A weapon is any device that may be used for offensive or defensive purpose, including but not limited to conventional objects such as guns, pellet guns or club-type implements. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Possession and/or use of a weapon may subject a student to expulsion and possible permanent exclusion. A knife is defined as any cutting instrument consisting of a sharp blade fastened to a handle, a razor blade or any similar device that is used for, or is readily capable of causing death or serious bodily injury.

5. Use of an object as a weapon

Any object that is used to threaten, harm or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers and jewelry.

6. Knowledge of dangerous weapons or threats of violence

Because the Board believes that students, staff members and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the Principal. Failure to report such knowledge may subject the student to discipline.

7. Unauthorized fire

Intentional or purposeful destruction or damage to school or district buildings or property by means of fire. Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony.

8. Physically assaulting a staff member/student/person associated with the District.

Acting to cause fear in another person or immediate bodily harm or death, or intentionally bullying, inflicting or attempting to inflict bodily harm upon another person. Physical assault of a staff member, student or other person associated with the District, regardless of whether it causes injury, will not be tolerated. Any intentional, harmful or potentially harmful physical contact or bullying initiated by a student against a staff member will be considered to be assault. Assault may result in criminal charges and may be subject to expulsion.

STUDENT DISCIPLINE CODE CONT.

9. Verbally threatening (either orally, in writing or otherwise expressed) a staff member/student/person associated with the district. Any oral or written statement or otherwise expressed action that a staff member, student or other person associated with the District reasonably feels to be a threat may be considered a verbal assault. Profanity directed toward a staff member in a threatening tone may also be considered a verbal assault. Confrontation with a student or staff member that bullies, intimidates, or causes fear of bodily harm or death is also prohibited.

10. Misconduct against a school official or employee, or the property of such a person, regardless of where it occurs.

The Board prohibits misconduct committed by a student against a school official or employee, including, but not limited to harassment (of any type), vandalism, assault (verbal and or physical), and destruction of property.

11. Misconduct off school grounds

Students may be subject to discipline for their misconduct even when it occurs off school property when the misconduct is connected to school activities or incidents that occurred on property owned or controlled by the District. Misconduct is defined as any violation of the Student Discipline Code.

12. Extortion

Extortion is the use of threat, intimidation, force or deception to take or receive something from someone else. Extortion is against the law.

13. Gambling

Gambling (i.e., playing games of chance for stakes) includes casual betting, betting pools, organized-sports betting and any other form of wagering. Students who bet on any school activity in which they are involved may also be banned from that school activity.

14. Falsification of school work, identification, forgery

Falsifying a signature or data, or refusing to give proper identification or giving false information to a staff member. This prohibition includes, but is not limited to, forgery of hall/bus passes and excuses, as well as use of false IDs. Plagiarism and cheating are also forms of falsification and will subject the student to academic penalties as well as disciplinary action.

15. Bomb threats, and other false alarms and reports

Making a bomb threat (i.e., intentionally giving a false alarm of a bomb) against a school building or any premises at which a school activity is being held at the time the threat is made may result in expulsion for a period of up to one (1) school year. Additionally, intentionally giving a false alarm or inducing panic of a fire, or tampering or interfering with any fire alarm is prohibited. It should be remembered that false emergency alarms or reports endanger the safety forces that are responding to the alarm/report, the citizens of the community and the persons in the building. What may seem like a prank is a dangerous stunt that is against the law and will subject the student to disciplinary action.

16. Terroristic threat

Threatening, directly or indirectly, to commit a crime of violence with the purpose to terrorize another or with reckless disregard of the risk of causing terror in another.

17. Possession and/or use of explosives and/or fireworks

Additionally, possessing or offering for sale any substance, combination of substances or article prepared to produce a visible and/or audible effect by combustion, explosion, deflagration or detonation.

18. Trespassing

Although schools are public facilities, the law allows the Board to restrict access to school property. Being present in any Board-owned facility or portion of a Board-owned facility when it is closed to the public or when the student does not have the authorization to be there, or unauthorized presence in a Board-owned vehicle; or unauthorized access or activity in a Board-owned computer, into district, school or staff computer files, into a school or district file server, or into the Network. When a student has been removed, suspended, expelled or permanently excluded from school, the student is prohibited from being present on school property without authorization of the principal.

19. Theft or knowingly receiving or possessing stolen property

Unauthorized taking of property of another person or receiving or possessing such property. Students caught stealing will be disciplined and may be reported to law enforcement officials. Students should not bring anything valuable to school without prior authorization from the principal. The school is not responsible for personal property.

20. Insubordination

Students are expected to comply with reasonable directions of staff. Willful refusal or failure to follow or comply with an appropriate direction given by a staff member, or acting in defiance of staff members.

21. Damaging property (vandalism)

Defacing, cutting or otherwise damaging property that belongs to the school district, other students, employees or others and disregard for school property.

22. Persistent absence or tardiness

Attendance laws require students to be in school all day or to have a legitimate excuse for their absence. Penalties for unexcused absences can range from detention to a referral to court and/or revocation of the student's driver's license.

23. Unauthorized use of school or private property

Students must obtain permission to use any school property or any private property located on school premises. Any unauthorized use of school property, or private property located on school premises, may be subject to disciplinary action.

24. Refusing to accept discipline

Students failing to comply with disciplinary penalties may face enhanced penalties for such action.

25. Aiding or abetting violation of school rules

Assisting other students in the violation of any school rule. Students are expected to resist peer pressure and exercise sound decision-making regarding their behavior.

26. Displays of affection/sexual activities

Affection between students is personal and not meant for public display. This includes touching, petting or any other contact that may be considered sexual in nature. Sexual activity of any nature is prohibited and may result in disciplinary action.

27. Headphone use

All headphones or listening devices must be removed upon entering the school building. Headphones may only be used in designated areas of the building. Unauthorized headphone use may result in the item being confiscated from the student by school personnel and disciplinary action may be taken. The district is not liable for lost or stolen headphones or listening devices.

28. Violation of individual school/classroom rules

Each learning environment has different rules for students. These rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules within each learning environment, all of which will be consistent with this Code.

STUDENT DISCIPLINE CODE CONT.

29. Violation of bus rules (see page 35)

30. Interference, disruption or obstruction of the educational process

Any actions or manner of dress that materially and substantially disrupts or interferes with school activities or the educational process, or which threaten to do so are unacceptable. Such disruptions include, but are not limited to, delay or prevention of lessons, assemblies, field trips, athletic and performing arts events.

31. Harassment and/or aggressive behavior (including bullying and cyberbullying)

The Board of Education is committed to providing a safe, positive, productive and nurturing educational environment for all of its students. Aggressive behavior toward a student, whether by other students, staff or third parties is strictly prohibited and will not be tolerated. "Bullying" is defined as a person causing mental or physical harm to a student AND sufficiently severe, persistent or persuasive that it creates an intimidating, threatening or abusive educational environment for the other student, involves the same student, more than once and is an intentional written, verbal, graphic or physical act.

All complaints about bullying will be investigated promptly. Any student or staff member who is aware of aggressive behavior and/or bullying shall immediately report his/her concerns.

Conduct constituting sexual harassment may take different forms, including but not limited to, the following:

- A. **Verbal:** The making of offensive written or oral sexual innuendos, suggestive comments, jokes of a sexual nature, sexual propositions, threats, or propositions toward a staff member, student or other person associated with the District or third parties.
- B. **Nonverbal:** Causing the placement of offensive sexually suggestive objects, pictures or graphic commentaries in the school environment or the making of offensive sexually suggestive or insulting gestures, sounds leering, whistling and the like to or by a staff member, student or other person associated with the District or third parties.
- C. **Physical:** Threatening or causing unwanted touching, contact or attempts at same, including patting, pinching, brushing the body or coerced sexual activity with or by a staff member, student or other person associated with the District or third parties. Such conduct constitutes sexual violence, and includes physical acts of aggression or force, or threat of aggression or force, which involves non-consensual sexual contact or sexual intercourse with another person, including intentional touching of clothing, covering a person's intimate parts, intentional touching of a person's intimate parts, forcing a person to touch another person's intimate parts, or intentional attempted or actual removal of clothing covering a person's intimate parts or undergarments.

Conduct constituting harassment on the basis of race, color, national origin, religion or disability may take different forms, including, but not limited to the following:

- A. **Verbal:** The making of offensive written or oral innuendos, comments, jokes, insults, threats or disparaging remarks concerning a person's race, color, national origin, religious beliefs or disability.
- B. **Nonverbal:** Placing offensive objects, pictures or graphic commentaries in the school environment or making insulting or threatening gestures based upon a person's race, color, national origin, religious beliefs or disability.
- C. **Physical:** Any intimidating or disparaging action such as hitting, pushing, shoving, hissing or spitting, on or by a fellow staff member, students or other person associated with the District or third parties, based upon the person's race, color, national origin, religious beliefs or disability.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, marital status or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats and hazing.

Any student that believes that s/he is the victim of any of the above actions or has observed such actions by another student, staff member or other person associated with the District or by third parties should contact the District's Anti-Harassment Complaint Coordinator at 330-484-8010.

32. Hazing

Performing any act or coercing another, including the victim, to perform any act of initiation into any class, team or organization that causes or creates a substantial risk of causing mental or physical harm. Permission, consent or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this rule.

Hazing by any individual, school group, club or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be. Hazing activities are prohibited at any time in school facilities, on school property, and/or off school property but connected to activities or incidents that have occurred on school property.

All incidents of hazing must be reported immediately to any of the following individuals: the building principal or other administrator, teacher, coach, student club advisor/supervisor and/or Superintendent. Students who engage in hazing may also be liable for civil and criminal penalties.

33. Violent conduct

Students may be expelled for up to one school year for committing an act at school, on other school property, at an interscholastic competition, extracurricular event, or any other school program, or directing an act at a Board official or employee, regardless of where or when that act may occur, or their property that would be a criminal offense if committed by an adult and results in serious physical harm to person(s) or property.

34. Improper dress

Clothing may not include words or visuals that are lewd, obscene, disruptive, abusive or discriminatory, or that advertise drugs, alcohol or tobacco. Dress or grooming that is disruptive of the classroom or school atmosphere is not allowed. Footwear must be worn at all times for health and safety reasons.

Promoting or instigating a fight (i.e. contributing to a fight verbally or through behavior).

STUDENT DISCIPLINE CODE CONT.

38. Possession/lighting of incendiary devices

Unauthorized igniting or possession of matches, lighters and other devices that produce flames.

39. Possession and transmitting pornography

Possessing and transmitting sexually explicit material.

40. Unauthorized use of vehicles

Occupying or using vehicles during school hours without parental permission and/or school authorization.

41. Use of wireless communication devices

Students may use personal communication devices (PCDs) before and after school or during their lunch break (building level discretion), as long as they do not create a distraction, disruption or otherwise interfere with the educational environment. Use of PCDs may only be used in designated areas of the building and will be at the discretion of building level administrators. All other PCD use is prohibited and they must be powered completely off (i.e., not just placed into vibrate or silent mode) and stored out of sight.

For purposes of this policy, "personal communication device" includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.), telephone paging devices (e.g., beepers or pagers), and/or other web-enabled devices of any type. Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise blocked to students at school. Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher and/or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

Also, during after-school activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by the administrator or sponsor.

Under certain circumstances, a student may keep his/her PCD "On" with prior approval from the building principal.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated. If the violation involves potentially illegal activity the confiscated-PCD may be turned-over to law enforcement. Add something from 5136 and "Sexting" is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

The district is not liable for lost or stolen electronic devices. Parents are urged to utilize the school phone to relay any urgent messages to their child. Students are reminded that they should have no expectation of privacy when using electronic personal devices at school or during school functions. As allowed by law, school administrators can look at and access all information in an electronic personal device if the school administrator has reasonable suspicion of wrongdoing.

42. False reporting

Falsely reporting incidents, making false accusations, or giving false testimony to school personnel to keep one's self out of trouble or to affect the welfare of others or to cover up for others is forbidden.

Due Process Rights

Before a student is suspended, expelled or permanently excluded from school, there are specific procedures that must be followed. As long as the in-school discipline is served entirely in the school setting, it will not require any notice or meeting or be subject to appeal.

ATHLETIC RULES, REGULATIONS AND POLICIES

SUBSTANCE & CHEMICAL ABUSE POLICY

Any confirmed violation of the following policies will result in disciplinary action. The policy will be in effect for students in grades 7-12 involved in any extracurricular/co-curricular activity. A student will be under the jurisdiction of this policy from the time they initially receive the policy through graduation. This policy will be in effect from the first practice until the last contest of all sports for the duration of the season. Penalties for violation of this policy will be cumulative throughout a high school student-athlete's career. Infractions occurring in the middle school will not be carried over to the high school.

Student-athletes choosing to participate in any sport will be required to submit to a random drug screen to be eligible for competition. The goal of this policy is not to "catch" students using illegal chemicals but to help students have additional compelling reasons not to use chemicals.

The drug screening will be administered one time during each athletic season: Fall, Winter and Spring. Should a student test positive to the presence of an illegal substance, the athletic code of conduct will be followed. Should legal guardians request an appeal, a second test can be administered at the guardian's expense. The school district reserves the right to reject the results if the administration of the second test is not conducted by a school-approved provider. The suspension of activities will still be upheld while waiting for the results of the second test. The consequences may be removed when the clean results of the second test are approved. Failure to provide a random sample will be considered as a positive result.

Canton Local Schools student-athletes shall not possess, sell, consume, purchase or be under the influence of any drugs, alcohol, steroids/performance-enhancing drugs, look-a-like drugs or prescription drugs not prescribed to the student-athlete.

A. First Offense

1. First violation will result in a 20% loss of participation of the remaining scheduled contests, including tournaments, to be based on the number of regular season contests for the sport. If there are not enough contests remaining in the season to complete the 20% loss of participation, the denial of participation may carry over to the next season that the student-athlete participates. The student must complete the season in good standing or the penalty will be assessed in the next sport season that the student-athlete participates in.
2. The student-athlete must obtain professional drug/alcohol assessment, at his/her own expense, in order to return to participation. Student-athletes may practice during his/her loss of participation; they may not participate in contests.
3. An intervention meeting will be held with the athletic director, student-athlete and parent/guardian to review the assessment if requested by any party.

B. Second Offense

1. The second violation will result in a loss of participation for 1 calendar year from the time the school is notified of the violation. The student-athlete may have this penalty reduced to 50% loss of participation, provided the student-athlete and his/her parent/guardian agrees to accept and successfully complete the following requirements:
 - a. The student-athlete must obtain a professional drug/alcohol assessment, at his/her own expense, and agree to participate and complete all recommendations made by the assessment agency.
 - b. The student-athlete will give a baseline drug test at the school district's expense. The student-athlete must then submit to 3 random drug/alcohol tests over a one calendar year period. These tests are at the expense of the student-athlete and his/her parent/guardian. The student-athlete and his/her parent/guardian shall be notified by the athletic director as to the time

and location/agency that has been selected by the school for each test year.

- c. Failure of the student-athlete to complete any of the above requirements or any positive drug tests will result in a loss of participation for 1 calendar year.
 - d. If there is not enough contests remaining in the season to complete 50% loss of participation, the denial of participation may be carried over to the next sports season that the student-athlete participates. The student-athlete must complete the season in good standing or the penalty will be assessed in the next sport season that the student-athlete participates in.
2. An intervention meeting will be held with the athletic director, student-athlete and parent/guardian to review the assessment.

C. Third Offense

1. A third violation will result in the denial of participation in athletics for the duration of the student-athlete's high school career. An athletic termination hearing will be held with the principal, athletic director, student-athlete and parent/guardian.

D. These offenses will accumulate during their high school sports participation.

TOBACCO USE/POSSESSION

Canton Local Schools student-athletes shall not use or possess any form of tobacco, tobacco-related products or tobacco paraphernalia, including electronic cigarettes. Any confirmed violation of this policy will result in immediate disciplinary action. Possession or use of a tobacco product during the season will result in the following:

A. First Offense

First violation will result in a 20% loss of participation of the remaining scheduled contests, including tournaments, to be based on the number of regular season contests for the sport. If there are not enough contests remaining in the season to complete the 20% loss of participation, the denial of participation will carry over to the next season that the student-athlete participates. The student must complete the season in good standing, or the penalty may be assessed in the next sport season that the student-athlete participates in.

B. Second Offense

Second violation will result in a 50% loss of participation of the remaining scheduled contests, including tournaments, to be based on the number of regular season contests for the sport. If there are not enough contests remaining in the season to complete the 50% loss of participation, the denial of participation may carry over to the next season that the student-athlete participates. The student must complete the season in good standing or the penalty will be assessed in the next sport season that the student-athlete participates in.

C. Third Offense

Third violation will result in the denial of participation in athletics for the duration of the student-athletes career. An athletic termination hearing will be held with the principal, athletic director, student-athlete and parent/guardian.

D. These offenses will accumulate during their high school sports participation.

ATHLETIC RULES, REGULATIONS AND POLICIES CONT.

SALE & DISTRIBUTION OF DRUGS/ ALCOHOL/CHEMICAL SUBSTANCE

A student-athlete involved in the sale and/or distribution of any drugs, alcohol or chemical substance will result in the denial of participation for one calendar year from violation.

SOCIAL MEDIA GUIDELINES

In the past, inappropriate use of social media by Canton Local student-athletes participating in athletics and co-curricular activities has resulted in suspension from practice, contests and other events. In an effort to foster good sportsmanship and to deter the need to enforce discipline, Canton Local Schools recommends the following guidelines as best practices for the use of social media by Canton Local student-athletes. For the purposes of these guidelines, social media means any form of electronic communication through which users create online communities to share information, ideas, personal messages and other content.

Student-athletes are not restricted from using any online social network sites or digital platforms. However, users must understand that any content they make public via online social networks or digital platforms is expected to follow acceptable social behaviors and also comply with federal government, state of Ohio, Canton Local School District, and Ohio High School Athletic Association rules and regulations. As a Canton Local student-athlete you are held accountable to the Student Handbook regulations. Ignorance of these regulations does not excuse student-athletes from adhering to them.

These guidelines are intended to provide a framework for student-athletes to conduct themselves safely and responsibly in an online environment. As a student-athlete of the Canton Local School District you should avoid posting:

- A. Derogatory language or remarks about teammates or a coach or coaches; other Canton Local students, athletes, teachers or coaches; students, athletes, administrators or representatives of other schools.
- B. Demeaning statements about or threats to any third party.
- C. Incriminating photos or statements depicting violence, bullying, hazing, sexual harassment, vandalism, stalking, underage drinking, selling, possessing or using controlled substances or any other inappropriate behaviors.
- D. Creating a serious danger to the safety of another person or making a credible threat of serious physical or emotional injury to another person.
- E. Indicating knowledge of an unreported crime.
- F. Indicating knowledge of an unreported school or team violation, regardless if the violation was unintentional or intentional.

Incidents and infractions will be handled on a case-by-case basis. Discipline will be as follows, depending on the severity of the infraction:

- Single or multiple game suspensions
- Dismissal from team
- Possible consequences from the Canton Local Administration

Maximum of three accumulated offenses of the social media policy during the season will result in removal from the team for the remainder of the season.

OTHER PROHIBITED ACTIVITIES

Chemical Abuse/Drug-Free Schools Policies

Canton Local School District rules reflect and support county, state, and federal laws related to this subject. All chemical abuse regulations are in effect:

1. On the school grounds during and immediately before or immediately after school hours.
2. On the school grounds at any other time when the school is being used by any school group.
3. Off the school grounds at a school-sponsored activity function or event.
4. In school-owned vehicles.

The following procedures will be followed in dealing with chemical abuse or suspected chemical abuse:

1. Sale or Distribution

When the school finds that there is reasonable certainty to believe that a student has been selling or distributing drugs/alcohol during the school day and/or during school-sponsored activities, on or off school property:

- A. The student will face an immediate 10 school days out of school suspension; expulsion may be recommended following the review.
- B. The offense will be reported to proper law enforcement authorities.
- C. Any future offense of use or possession of drugs/alcohol will result in immediate suspension with recommendation for expulsion.

2. Use or Possession

When the school finds that there is a reasonable certainty to believe that a student has been using or has been in possession of drugs/alcohol:

- A. The student will face an immediate 10 school days out of school suspension; expulsion may be recommended following the review.
- B. The offense will be reported to proper law enforcement authorities.
- C. While on suspension the principal or designee will meet with the student in question. The parent(s) and/or guardian(s) and selected school personnel may also be included. Prior to this meeting, information will be obtained from every possible source to formulate the best possible alternatives and develop a plan of action.
- D. Upon completion of an assessment and/or treatment as prescribed, early reentry may be considered.
- E. Any future offense of use or possession of drugs/alcohol will result in immediate suspension with recommendation for expulsion.

3. Suspected Use/Abuse/Dependency

Teachers and staff members will be provided with specially prepared referral sheets with regard to a student suspected of use/abuse dependency. These referrals are to be directed to the school personnel responsible for chemical dependency concerns. When the quantity or nature of the referrals make action imperative, a meeting will be held with the student in question, parent(s) or guardian(s), selected staff members, and school personnel responsible for chemical dependency concerns. All of the gathered information will be shared with the student and family. A "no use" contract, professional assessment or other appropriate treatment may be recommended. If the parent(s) and/or guardian(s) refuse assessment or treatment, school personnel will notify the student and parent(s) and/or guardian(s) that:

- A. Monitoring of the student's progress will be continued.
- B. If the school personnel should find that there is a reasonable certainty to believe that

the student has been using, selling or has been in possession of drugs/alcohol on school property, during the school day or at school-sponsored activities, then the "Use/Possession" provision will be followed.

Counterfeit "Look-Alike" Drugs

Ohio House Bill 535 on "look-alike" drugs prohibits making, selling and possessing counterfeit drugs and related tools. Statutes provide severe criminal penalties for the sale or possession of so-called "look-alike" drugs, when sold as controlled substances falsely represented to be a different type of illegal drug. Specifically, the laws deal with counterfeit controlled substances, which are defined in amended Section 2925.01 (P) of the Ohio Revised Code to mean any of the following:

1. Any drug that bears, or whose container or label bears a trademark, trade name or other identifying mark used without authorization of the owner of rights to such trademark, trade name or identifying mark.
2. Any unmarked or unlabeled substance that is represented to be a controlled substance manufactured, processed, packed or distributed by a person other than the person that manufactured, processed, packed or distributed it.
3. Any substance that is represented to be a controlled substance but is not a controlled substance or is a different controlled substance.
4. Any substance other than a controlled substance that a reasonable person would believe to be a controlled substance because of its similarity in shape, size and color, or its markings, labeling, packaging, distribution or the price for which it is sold or offered for sale.

Violation of counterfeit controlled substances laws can result in maximum fines ranging from \$1,000 to \$5,000 and a possible maximum prison term ranging from 6 months to 10 years. Students involved in any infractions dealing with counterfeit "look-alike" drugs will be subject to suspension/expulsion procedures and consequences and referral to law enforcement authorities as outlined elsewhere in Canton Local's Chemical Abuse Policy.

Use of Tobacco

Use of tobacco presents a health hazard that can have serious consequences both for the user and the nonuser and is, therefore, of concern to the Board. The Board prohibits all possession or use of tobacco in any form by students in school buildings, on school grounds, on school buses and during the school day. This includes e-cigarettes.

The Board also prohibits use of tobacco by staff members and visitors during any part of the regular educational program of the school and at any school-sponsored event.

Actions to be Taken in Response to Violations of The School Code

Violations of the school code or of additional rules or decisions related to adopted policy may subject the student to disciplinary action which may include suspension or expulsion from school.

Referrals will be made to the Superintendent when expulsion is to be considered. In that case, a hearing involving the administration, parents and student will be held.

BEHAVIORAL EXPECTATIONS

When a student is being considered for a suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain his/her view of the underlying facts. After that informal hearing, the Principal [or assistant principal or other administrator] will determine whether or not to suspend the student. If the decision is made to suspend the student, s/he and his/her parents will be given written notification of the suspension within one day setting forth the reason for the suspension, the length of the suspension and the process for appeal. The suspension may be appealed, within five days after receipt of the suspension notice, to the building principal. The request for an appeal must be in writing.

During the appeal process, the student shall not be allowed to remain in school.

If the appeal is heard by the Board's designee, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or his/her representative requests otherwise. A verbatim transcript will be made and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

Emergency Removal

If a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, principal or assistant principal may remove the student from any curricular or extracurricular activity or from the school premises. A teacher may remove the student from any curricular or extracurricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing within one school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extracurricular activity for less than one school day and is not subject to further suspension for expulsion, the following due process requirements do not apply.

If the emergency removal exceeds one school day, then a hearing will be held within three school days after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the student, as soon as practical prior to the hearing. If the student is subject to an out of school suspension, the student will have the opportunity to appear at an informal hearing before the principal, assistant principal, Superintendent or a designee, and may challenge the reasons for the removal or otherwise explain his/her actions.

Within one school day of the decision to suspend, written notification will be given to the parent(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or his/her parent(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the student's right to be represented in all appeal proceedings. If it is likely that the student may be subject to expulsion, the hearing will take place within three school days and will be held in accordance with the procedures outlined in the Student Expulsion Policy. The person who ordered or requested the removal will be present at the hearing. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved either by reinstatement, suspension or expulsion.

Expulsion from School

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three, nor no later than five school days after the notice is given. Parents may request an extension of time for the hearing. The student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice at the hearing.

In accordance with Board Policy 5610, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is expelled, the student and the student's parents will be provided with written notice within one school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session.

Within 10 days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the Court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs, may result in revocation of student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Postsecondary Enrollment Option at the time the expulsion is imposed.

Permanent Exclusion

State law provides for the permanent exclusion of a student, 16 years of age or older who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one or more of the following crimes while on the property of any Ohio school:

- A. conveying deadly weapons onto school property or to a school function;
- B. possessing deadly weapons onto school property or at a school function;
- C. carrying a concealed weapon onto school property or at a school function;
- D. trafficking in drugs onto school property or at a school function;
- E. murder, aggravated murder on school property or at a school function;
- F. voluntary or involuntary manslaughter on school grounds or at a school function;
- G. assault or aggravated assault on school property or at a school function;
- H. rape, gross sexual imposition or felonious sexual penetration on school grounds, or at a school function, when the victim is a school employee;
- I. complicity in any of the above offenses, regardless of the location.

This process is formal and may follow an expulsion with the proper notification to the parents.

BEHAVIORAL EXPECTATIONS CONT.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (I.D.E.I.A.), and, where applicable, the Americans with Disabilities Act (A.D.A.), and/or Section 504 of the Rehabilitation Act of 1973.

Suspension of Bus Riding/Transportation Privileges

When a student is being considered for suspension of bus riding/transportation privileges, the administrator in charge will notify the student of the reason. The student will be given an opportunity to address the basis for the proposed suspension at an informal hearing. After that informal hearing, the principal (or assistant principal or other administrator) will decide whether or not to suspend his/her bus riding/transportation privileges for all or part of the school year. If a student's bus riding/transportation privileges are suspended, s/he and his/her parents will be notified, in writing within one day, of the reason for and the length of the suspension.

Search And Seizure

Administrators may search a student or his/her property (including vehicles, purses, knapsacks, gym bags, etc.) with or without the student's consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of law or school rules. General housekeeping inspection of school property may be conducted. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School authorities may conduct random searches of the lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted. [Note: Signs accurately reflecting this policy MUST be placed in a conspicuous area by lockers.]

Additionally, students have NO reasonable expectation of privacy in their actions in public areas including but not limited to, common areas, hallways, cafeterias, classrooms and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and extracurricular activities.

Anything that is found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held or turned over to the police. The school reserves the right not to return items that have been confiscated.

Interrogation of Students

The school is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the school believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent prior to questioning and shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning, and s/he (or a designated guidance counselor) will remain in the room during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or a designated guidance counselor) will remain in the room during questioning.

If law enforcement or children's services agency removes a student from school, the

building administrator will notify a parent.

Student Rights of Expression

The school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately. Students may distribute or display, at appropriate times, non sponsored, noncommercial written material and petitions; buttons, badges or other insignia; clothing, insignia and banners; and audio and video materials. All items must meet school guidelines.

A. Material cannot be displayed if it:

1. is obscene to minors, libelous, or pervasively indecent or vulgar;
2. advertises any product or service not permitted to minors by law;
3. intends to be insulting or harassing;
4. intends to incite fighting; or
5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

B. Material may not be displayed or distributed during class periods or between classes. Permission may be granted for display or distribution during lunch periods and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who wish to display material should follow school guidelines and present to building administrator 24 hours prior to display.

TRANSPORTATION

The school provides transportation for all students who live farther than one mile from the school. The transportation schedule and routes are available by contacting the Transportation Supervisor at 330-484-8006.

School Bus Transportation Philosophy

The Canton Local School District transports approximately 1,800 students over 1,200 miles of bus routes daily. It is the intention of the Canton Local Board of Education to make this service as safe, convenient and efficient as possible.

Responsibilities

Drivers:

The driver shall be responsible for the orderly conduct of the students. While on the bus, the student is under the authority of and directly responsible to the bus driver. The bus driver has, by law, the right to assign seats to students on a temporary or permanent basis. Continued disorderly conduct or persistent refusals to submit to the authority of the driver shall be sufficient reason for refusing transportation service to any student. The driver shall keep a record of misconduct that occurs on the bus and follow the adopted guidelines. The driver shall submit the record of misconduct along with the bus conduct report to the Transportation Supervisor.

Parents:

Parents are responsible for the safety of students while going to and from pickup points, and shall assume the responsibility of students prior to pickup and after return to pickup points. For safety, students should not wear clothing with drawstrings or book bags with long straps that could become lodged in the bus handrail while exiting the bus.

Parents should have the student at the bus stop five minutes prior to the scheduled bus arrival time. Buses will run within a five minute schedule except during emergency situations and inclement weather.

Parents should regard the matter of school bus discipline as extremely important. In accordance with state law, parents will be held fully responsible for any damage done to the bus by their children.

Students:

All students have duties and obligations which contribute to their safe and orderly bus riding. The student will:

1. Load and unload bus at the designated stop in an orderly manner.
2. Ride only the regularly assigned bus and unload at the regular stop – except under extenuating circumstances – when written permission by the parents is approved by the building principal prior to change.
3. Enter and leave the bus quickly. Delays may be holding up traffic and may disrupt the bus schedule.
4. Eating, drinking or littering – including gum chewing – are not permitted on the bus by state law.
5. Be quiet at railroad crossings and other places of danger as specified by the driver.
6. Not change seats while the bus is in motion.
7. Not throw objects while a passenger on the bus.
8. Not put any object or any part of their body outside the bus window.
9. Take the seat assigned them by the driver, or if not assigned a seat, go to the seats toward the rear of the bus. Students must take their seats at once and

should always face the front of the bus.

10. The same behavior is expected on a school bus as in a classroom.
11. Cross the street at least 10 feet ahead of the bus and upon the signal of the driver. Never cross behind the bus out of view of the driver.
12. Students must share their seats with others and may be required to sit three in a seat when necessary.
13. Never sit in the driver's seat or tamper with the driver controls.
14. Students should hold their belongings or place them on the floor beneath their seat not in the aisle.
15. Animals, sharp objects, large school projects, explosives, laser pens, lighters or other dangerous objects shall not be transported on a school bus.
16. Profane language or gestures will not be permitted on the bus.
17. Tobacco, alcohol and drugs will not be permitted on the bus.

Bus Conduct

All regulations outlined in the STUDENT CODE OF CONDUCT (pages 26-29) also apply while the student is riding or exiting from the bus.

Bus Discipline Policy

First Offense: At the discretion of administration, a verbal warning is given by the school administrator and a conduct form is sent home to the parents. Parents are contacted if possible.

Second Offense, Third Offense and Fourth Offense: The second offense will be a three-day suspension from the bus. The third offense will be a five-day suspension from the bus. The fourth offense will be a 10-day suspension from the bus. Suspension applies to both morning and afternoon trips and does not include days when school is not in session. In addition, with each offense the parent or guardian is contacted and receives a conduct form.

Fifth Offense: The parent or guardian is contacted and receives a conduct form. The student is removed from the bus for the remainder of the semester. Consequences may be determined at the discretion of the building administration.

Bus offenses are accumulative. Each offense can be for a different violation. NOTE: Other serious infractions not included in the Bus Discipline Policy could also result in disciplinary action, including suspension and expulsion.

The Board of Education has authorized the installation of video cameras on school buses for purposes of monitoring student behavior. However, the video camera does not supersede the authority of the bus driver to determine a student's behavior. Since these tapes are considered part of a student's record, they can be viewed only in accordance with Federal law.

Questions regarding a bus conduct violation should be directed to the district bus coordinator. Conferences can be arranged to discuss violations and discipline measures. Special transportation situations, as determined by School Board policy, are considered at these conferences.

TRANSPORTATION CONT.

Students Walking to School

Students normally transported by bus are not permitted to walk unless special permission is secured from the principal. Only in emergency situations will permission be granted. Walking students are to leave property at dismissal.

Self-Transportation to School

Driving to school is a privilege that can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents assume full responsibility and liability for any transportation to and from school not officially provided by the school.

Student Attendance at School Events

The School encourages students to attend as many school events held after school as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event. However, in order to ensure that students attending evening events as nonparticipants are properly safeguarded, it is strongly advised that students be accompanied by a parent or adult chaperone when they attend the event. The school will not be able to supervise unaccompanied students nor will it be responsible for students who arrive without an adult chaperone. The school will continue to provide adequate supervision for all students who are participants in a school activity.

Student Conduct For Co-Curricular Activities

A violation of any rules of the STUDENT CODE of CONDUCT during the individual's participation, on or off school grounds, may result in disciplinary action including removal from the co-curricular activity. Minor violations may result in: first offense - 5 days denial of participation; second offense - 10 days denial of participation; third offense - dismissal from that activity.

Major violations may result in: first offense - 10 days denial of participation; second offense - dismissal from activity. Any combination of two major violations or one major and one minor violation during one season may result in automatic dismissal from that activity.

Student Fundraising

Students participating in school-sponsored groups and activities may solicit funds from other students, staff members and members of the community in accordance with school guidelines.

Promotions and Sales

Any school group wishing to conduct a fundraising sale or promotion must have the approval of the building principal and district treasurer.

DISTRIBUTION OF PETITIONS AND PUBLICATIONS

Students are asked to submit any form of communication to the building principal for approval. A two-week notice must be given prior to the publication date. Petitions, newspapers, and handbills are to be distributed only at designated times and places in order to prevent interference with the school program.

Directory Information/FERPA

The Canton Local School District follows the guidelines of the Family Educational Rights and Privacy Act (FERPA) regarding all student records. FERPA, a federal law, limits the disclosure of personally identifiable information from a student's education record for pupils in public schools. The statute prohibits the disclosure of names for any profit-making activity and imposes restrictions on the disclosure of such information for other purposes. An exception is made in the case of "directory information", which may be released without prior written consent unless the parent (or pupil, if over the age of eighteen) has informed the school, in writing, that they do not want their student's information disclosed without their prior written consent. The primary purpose of directory information is to allow the school district to include information from a student's educational records in certain school publications like yearbooks, Honor Roll or recognition lists, sports activity sheets or programs, drama/choral/music playbills, website, newsletters or other social media properties showcasing student achievements. "Directory information" is released to the military by law and applies to high school students only.

"Directory information" is information that is generally not considered harmful or an invasion of privacy if released and is defined to include the pupil's name, address, telephone listing, email address, photograph, date and place of birth, major field of study, grade level, participation in officially recognized activities and sports, weight and height of members of athletic teams, date of graduation and awards received.

Parents may refuse to allow any information to be released without their written consent by notifying the school in writing no later than August 31, 2020, or within 20 days of receiving this notification.
