BE A WILDCAT

THE PRIDE OF STARK COUNTY

JOURNEY

Goals. We all have them. Easy to set, harder to achieve. Canton South teaches our Student-Athletes many important lessons. One being Setting goals. Setting goals is an essential part of life. They teach you to set an end goal, and work day in and day out for it. Give it your all, go through the struggle and do everything in your power to reach that goal. Once you do accomplish that goal, it is without a doubt one of the best feelings in this entire world. But it goes deeper than this. The true lesson lies within the subliminal lessons you learn while GOING THROUGH the struggle. You learn that the beauty of success, achieving goals, is all in the grind. It lies in those 90 degree July workouts. You find true success in the struggle.

CULTURE

Culture-changing. Canton South is in the midst of a 180 degree turn. We have a group of Student Athletes dedicated to bettering themselves, their team, and their community. Our athletes see that this is bigger than Football. Take a walk by the new and improved weight-room, and you will see Culture change in the process.

PRIDE

Wearing "Canton South" across your chest signifies something more than just your team name. It represents our community. For years and years Canton South has been one of the most respected, well known schools in North Eastern Ohio. As of late, we can all say that we have been looked over. But that time is over. Canton South is changing and everyone is seeing it. When you put that uniform on before the game you get a feeling that is comparable to nothing else. That's pride. That is knowing that you are putting on a uniform that was worn by so many others, and performing. We are the pride of Stark County, we are Canton South, and no one can ever take that away from us.
