Superintendent's Message

As we end our first nine weeks of school, I want to thank our staff and community for the warm welcome and for continuing to work together to do what is best for all students!

We have adopted the mission statement of **Every Child, Every Minute, Every Day**. This will be our guiding principle as we move through the strategic planning process next year. We will be hosting several community engagement sessions to gain feedback from our residents, students and staff. Please watch for more information. I hope you'll consider attending a meeting or completing a survey to help us develop new goals and strategies that will help make our district the best place for students to learn and achieve their goals.

I am pleased to report that our efforts to keep kids in school for in-person learning continue to pay off as we are seeing fewer students and staff members required to stay home due to positive reported COVID tests and subsequent contact tracing.

The safety of students and staff is always our top concern. We will continue to reassess our face mask policy by meeting with local health officials, Stark County COVID task force, Stark County Health Department and follow developments at our local hospitals.

We have been able to provide a mostly normal year for our students. We have kept buildings and classrooms open, students have participated in activities and athletics, we hosted a homecoming dance and a Hall of Distinction program and are looking forward to opening our doors for our November musical, Mamma Mia, and various holiday concerts and events.

I have enjoyed getting to know the students and families in our district and hope to see you at an upcoming event! Thank you for working with us and making Canton Local Schools the best place to serve, teach, and learn!

Canton Local Received \$4.5 Million ARP ESSER Funding

On March 11, 2021, the American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER) Fund was enacted as part of the American Rescue Plan (ARP) Act providing a total of nearly \$122 billion to States and school districts. The Canton Local School District received over \$4.5 million to be used for limited purposes over the next three school years to address learning loss and for the safe reopening and operation of schools and address the impact of the coronavirus pandemic. A copy of the district's plan can be found at cantonlocal.org.

Wildcat Fitness Ninjas Meet

Walker Elementary Schools has been implementing PBIS (Positive Behavior Intervention and Supports) practices with students and staff this school year. Students have been learning the ROARS Expectations and have had many lessons about the proper ways to behave and treat others in school. One major aspect of our PBIS initiative is to promote leadership opportunities for students. Every third and fourth grade student was invited to participate in the Wildcat Fitness Ninja group that meets monthly to discuss healthy living topics such as; peer relationships, problem solving, healthy food choices, and exercise. Over 100 students signed up as Fitness Ninjas this school year! Groups are being led by a great group of staff including: **Mr. Bowman, Mrs. Fox-Johnson, Mr. Noll, Mrs. Russ, Mrs. Saunders and Mrs. Stinchcomb.** The entire staff looks forward to seeing the growth that these young ladies and men make throughout the school year.

Holiday Music, Art Show Set

Please join Walker this holiday season for a memorable show highlighting the music and art talents of students in kindergarten and first grade. Families are invited on December 13 to the Canton South HS Performing Arts Center to view displayed student artwork and take part in a holiday sing along. Kindergarten students will perform at 6:00 p.m. and first graders at 7:00 p.m. These programs are under the direction of music teacher, **Mrs. Feller**, and art teacher, **Mrs. Bradshaw.**

STEAM Program Expands

Canton Local Schools strives to provide each student with 21st century learning opportunities that prepare them for a strong life beyond school. To make that mission possible, Walker has expanded their applied arts programming to include a STEAM classroom. STEAM education is an approach to learning that integrates Science, Technology, Engineering, the Arts and Mathematics to help students use critical thinking and problem-solving skills in their learning. **Mr. Noll** is the STEAM teacher who designs lessons, projects, and team building activities that incorporate this vast array of content areas and skills. His goal is to challenge students to be problem solvers, use critical thinking, and obtain a "never give up attitude". This project/problem-based approach allows students to be creative and incorporate exploration into their learning. "It has been exciting to see every student have success," said Noll. "Unfortunately, school is hard for some students, but this class allows every kid to have some type of success while they are here. That makes this so much fun for everyone!"

One of the goals at Faircrest is to equip young people for all the realities of today's world. With that in mind, the school has partnered with CharacterStrong - an organization that provides training for educators and social and emotional learning curriculum for students.

Work in grades six - eight focuses on three main outcomes: increasing a sense of belonging for all students, improving skills that support student well-being, and deepening student engagement in academics, school, and the community. Middle school students take part in CharacterStrong learning every Tuesday and are encouraged to make meaningful improvements in five key areas:

- Emotion Understanding & Regulation: How We Feel & How We Act
- Empathy & Compassion: What We Understand & How We Care
- Values & Purpose: Who We Are & What We Do
- Goals & Habits: The Dreams We Have & The Actions To Get There
- Leadership & Teamwork: Developing Agency & Working Together

Golfers Finish with a Splash

The Canton South girls golf team wrapped up their season with an all-time record setting win and a magical senior night splash! The team's win against Akron Firestone on October 4, was their 11th all-time record. **Coach Mullett** said, "I am so proud of these girls for many reasons: first and foremost, because they are truly a TEAM! I have seen most of these girls come from never playing golf a couple years ago, to setting the team all-time scoring mark of 192 against Fairless and Alliance!" Team leader **Delaney Kruger** set the individual all-time scoring mark with a 38 against Fairless.

"Seniors **Sydney Phillips**, **Alli Dunn**, and **Kaylie Ney** were the heart and soul of the team. Watching these three ladies swim across the pond at Spring Valley for their senior night tradition capped off an incredible season, and I wish them all the very best," said Coach Mullett. "Lastly, **Erin Foster**, **Sammy Irwin**, **Mia Zellers** and **Kailey Morton** were the best teammates anyone could ask for. They learned so much this year and **Coach Philippi** and I are expecting big results from them next year."
