

## INSIDE CANTON LOCAL SCHOOLS

*Pride. Innovation. Future.*

# Congratulations to the Class of 2020!

Canton Local Schools recognized each graduate on May 20, 21 and 22. Graduates had the opportunity to walk across the stage in their caps and gowns in front of family, receive diplomas, and have pictures taken. The photos, speeches, and other special presentations were compiled into a video slideshow. Each family received a DVD copy of the ceremony.

We know that these plans did not make up for the loss of a formal ceremony, but our goal as a district was to make graduation special for our seniors and showcase their hard work and accomplishments over the past 13 years.

As part of the plans to celebrate the Class of 2020, staff members delivered each of them a t-shirt and yard sign. Thank you to the Academic Booster Club for providing the signs for the senior class.

## Thank you, Wildcats!

### ***Steve Milano, Canton Local Superintendent***

As we close the 2019-2020 school year, I want to thank our fantastic staff for another successful school year. I appreciate that they remained flexible and dedicated to helping our students continue their educational journey. Congratulations to our retirees Wendy Busnick, Susan Wanner, Cathy Whitehouse and Gay Welker. Together they equal 118 years of service to our District. We hope to convince them to return in the fall so we can give them a proper send-off!

I want to recognize our seniors who have finished a most memorable year and have now graduated from Canton South High School. I am proud of our students and staff, and am thankful we have found unique ways to celebrate their accomplishments!

Considering the recent events surrounding the tragic death of George Floyd and the ensuing nationwide protests, as a school community, we must be there for each other and continue to show the compassion, empathy and humanity that all people deserve.

The Canton Local School District is an inclusive educational environment that celebrates diversity. Our Board of Education firmly supports its policies of anti-discrimination and equal opportunity for all. As a district, we will continue to have open and honest conversations about inclusion and diversity to equip our students and staff members to drive the necessary changes our world needs.

We are still waiting for the final determination of what school will look like next year. The Ohio Board of Education shared a draft of their Reset & Restart-Education Planning Guide for Ohio Schools and Districts, stating, "returning to school will look different than it did before March 16, 2020." A state advisory group is examining different models for the fall and we will review all the options before making a decision about what is best for our students and families. We will continue to share information with you about the upcoming school year through email messages, posts on our website, and through social media.

The new Faircrest Middle School project is moving forward, and we are excited to unveil some of the preliminary drawings on the back page of this issue. We are fortunate that this project is being completed with money from the taxes paid by our public utilities and our partnership with the Ohio Schools Facility. As is the cycle in school funding, the District will have a renewal issue in the spring of 2021, but the need is independent of our building projects.

Thank you for the opportunity to serve you, your children and the Canton Local community. Have a great summer and Go Wildcats!

## Canton Local School District Renewal Levy – Spring 2021

### NOT A NEW TAX

The Canton Local School District will have a  
renewal levy on the Spring 2021 ballot. Here are  
some facts to know about this renewal.

- Not a New Tax
- Renewal request is for 8.9 mills operating and 1.9 mills permanent improvement generating \$3.6 million per year.
- The need for the renewal has nothing to do with the new buildings! The renewal is needed regardless of construction.
- Operating dollars are used by the district to pay staff to educate, feed, counsel, support and transport students.
- Permanent improvement levy funds are used to help pay for buses, technology, maintenance equipment and building improvements.

## Wellness Challenge Winners

Congratulations to student, Khloe Volpe, FMMS and Georgia Marcoaldi, CS Paraprofessional, on winning the grand cash prize of \$100 during the 2020 Wellness Challenge.

# Wildcat Preschool Registration

Preregistration for 2020-2021 school year is now open for the Wildcat Preschool Program offered by Canton Local Schools and the Stark County ESC at Walker Elementary. Availability is limited and based on a first come first serve so call ASAP to reserve your child's spot.

Morning and afternoon preschool classes are offered for three and four-year-old children who are typically developing, those that qualify financially, and those with developmental delays. Transportation is offered for 4-year-olds and those who qualify under special circumstances.

Our Wildcat Preschool provides an opportunity, through active and quiet play for children to grow through a variety of experiences. It is our belief that every child can learn and that the preschool experience should be positive, enjoyable, and rewarding for children and their families. Activities provided in our preschool are multi-cultural, play based, and child initiated. As the nurturing occurs in the preschool environment, the child develops communication skills and learns to interact with others in his/her world.

Each of our teachers are Ohio Department of Education certified with four-year Early Childhood Education degrees and the program has been rated as a 5 Star "Step Up to Quality" program. This is the highest rating a preschool can receive.

***Please call Kelly Walters at 330-484-8022 between 7:30 a.m. and 3:30 p.m. to preregister or for information.***

### WALKER'S END OF YEAR CELEBRATIONS

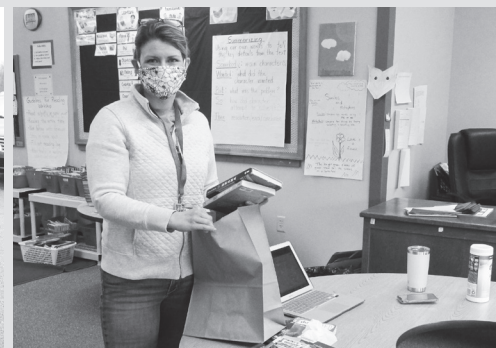

This year, life changed. Teaching moved to remote learning, and both teachers and students found themselves charting new territory. Families received Chromebooks via a "drive by" process. The same was true with the end of the year. Typically, the school year ends with Walker Sings, Grade 4 Field Trips, and Walker's Field Day. Instead, teachers came in to pack up belongings and helped distribute them to students. We celebrated with a car parade on our last student day so that students, families, and teachers could bring closure to a most unusual year.

# Wildcat Kindergarten Registration Fair

The Canton Local School District held its second annual Wildcat Kindergarten Registration Fair at Walker Elementary School in March. At the event parents enrolled their children in the district's all-day, every-day kindergarten program. They also received a variety of resources from community partners, agencies and organizations to help them prepare their child for school.

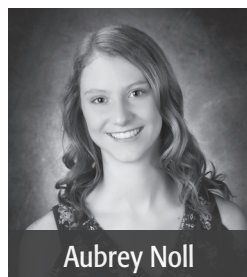

Every student received a Canton Local Wildcat t-shirt sponsored by the Scott and Edie Hamilton Foundation, a book from the Canton South Rotary Club and a "Home of a Walker Wildcat" yard sign sponsored by Once Upon a Child. There were pictures with Willie the Wildcat mascot by Lifetouch photography, child identification cards, crafts and fun sponsored by Touchstone Builders.

Children who will turn 5 on or before September 30, 2020 are eligible to enroll for kindergarten. Registration is still available! Call 330-484-8019 for an appointment.

## FMMS PRESENTS AT STARK TANK

Congratulations to Faircrest Students (pictured) Landon White, Leah Cramer, Mason Kirkham, Kiersten Taylor, Samantha Breitmeier and Kyle Hein, representing Canton Local at the "Stark Tank" event held at Stark State College. The competition was the culmination of a months-long, county-wide entrepreneurship program for middle-schoolers born out of the Strengthening Stark initiative.

School districts from across Stark County were invited to send middle school teams to attend four learning sessions over the 2019-20 school year to develop creativity and innovation skills. Students worked together to brainstorm an innovative idea that they developed over the year and pitched to a panel of judges. Cash prizes were awarded to the top teams. The goal of the project was to develop skills in our middle school students that empower them to be entrepreneurial leaders now and in the future.

# Middle School Building Project Update

We are excited to share the first renderings of the new Canton South Middle School! The new middle school will be located on the corner of Route 800 and Ridge Ave, just south of Canton South High School. The renderings of the new school are what you will see from Route 800. Work on this building will begin in the fall of 2020 and be completed in May 2022. This building is being funded in partnership with the Ohio Schools Facilities Commission and with public utility taxes that the district has been able to set aside over the past several years.
